

FOUNTAIN

CM230/EM230 Sink on Drum Part Washer

Product Data Sheet

Solvent or Aqueous

* Drum for display only;
drum sold separately.

Overview

Fountain products are USA designed and manufactured rooted in half a century of expertise building commercial grade equipment engineered for the rigors of industry. Our designs benefit from continuous improvement from modern technologies and materials, valuing the voice of the customer, and a desire to lead and never follow. The 230 sink on drum is our best-selling solvent or aqueous manual parts washer, offering rugged 16GA 304 SS construction, tough field-proven modular assemblies, 75 lbs. weight capacity, and upgrade option for waterproof electronics that offer high reliability even in harsh conditions.

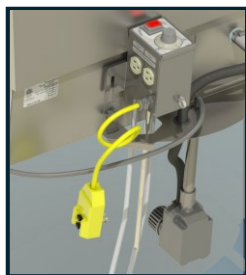

Function

Ergonomic manual parts cleaning with a sturdy corner-to-corner work surface with value adding workflow tools including a flow-through brush and flexible rinse spigot. One-machine modular design for solvent (CleanMaster) and upgradeable to aqueous (EcoMaster) with drop in heating. No need to replace machines due to regulatory changes!

Application

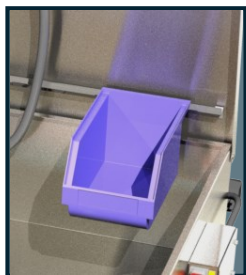

Industrial Cleaning, Automotive Service/Repair, CNC Fabrication Rinse, Agricultural Fabricators, Agricultural Maintenance/Repair, Power Sports Shops, Government Municipalities, Aerospace, Post Processing, Military Service/Repair

Product Highlights

Rugged 16-gauge 304 stainless steel construction

Designed for solvent or aqueous using modular heating upgrade. Be prepared for future change without worry of buying another machine.

Premium aqueous Heater Pump Module (HPM) option for fully waterproof electronics tailored for coastal and harsh environments.

Integrated part bin rails for convenience and increased flexibility of workspace.

**MADE IN THE
USA**

FOUNTAIN

CM230/EM230

Sink on Drum Part Washer

Product Data Sheet

Features

- Flexible wash spigot with flow control
- Flow-through wash brush with button control
- 30-gallon drum capacity (drum sold separately)
- Base configuration ready for solvent or aqueous use without heating.
- Ready for aqueous use with drop-in modular heating
- Optional heating module heater or upgrade HPM
 - 1000W Heating
 - Automatic Thermostat Control
 - Manual Heating On/Off
 - Adjustable Heating from 50°F-125°F*
 - *(HPM non-adjustable at 122°F)
- DANGER! NEVER use heating with solvent!**
- Wash pump w/ Viton seal, 210 GPH
- 304 stainless steel construction
- Built in GFCI protection with aqueous heater modules
- Part bin rail system for small component storage
- Lid spring with integrated fire safety fusible link.

Standard Accessories

- Flow-Through Wash Brush
- Sink Drain Strainer

Optional Accessories

- Drum
- Light Kit
- Heater Module (modular add-on)
- Heater Pump Module (HPM, full assembly)
- Inline Filter Kit

Product Dimensions

- Overall Dimensions: 37" L x 27" W x 58" H (installed on drum)
- Shipping Dimensions: 36.5" L x 30.5" W x 15.5" H
- Shipping Weight: 80 Lbs.

Light Kit

HPM

Electrical Configurations

Voltage	Phase	Freq	Current	Main Fuse	Heating Wattage
CM230 (without heating)					
115 V	1 PH	60 Hz	1 A	N/A	N/A
EM230 (with heating)					
115 V	1 PH	60 Hz	11 A	N/A	1000 W

Solvent or Aqueous
