

FOUNTAIN

EM4000

Manual Tank Washer

Product Data Sheet

Aqueous Only

Overview

Fountain products are USA designed and manufactured rooted in half a century of expertise building commercial grade equipment engineered for the rigors of industry. Our designs benefit from continuous improvement from modern technologies and materials, valuing the voice of the customer, and a desire to lead and never follow. The EM4000 is a uniquely versatile, aqueous manual parts washer with a work tray over solution design offering a large, dry work zone with the option to lift a tray and gain direct access to the solution for soaking and submerged part agitation underneath with integrated spray under immersion nozzles.

Function

The manual parts washer features a large, ergonomic tray work surface and workflow tools, including a flow-through scrubbing brush and flexible rinse spigot. The tray over solution style is market-unique and more versatile than typical sink over tank products and allows soaking and agitation.

Application

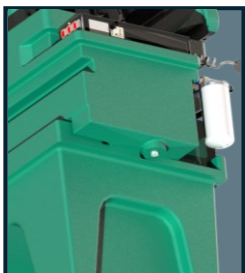

Industrial Cleaning, Automotive Service/Repair, CNC Fabrication Rinse, Agricultural Fabricators, Agricultural Maintenance/Repair, Power Sports Shops, Government Municipalities, Aerospace, Post Processing, Military Service/Repair

Product Highlights

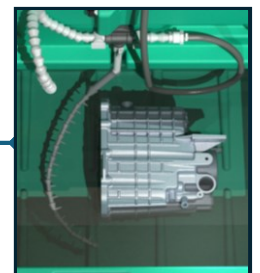

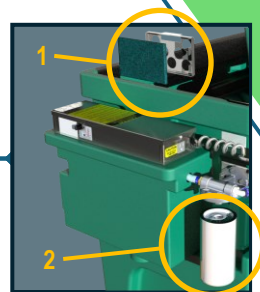

Two-Stage filtering utilizing (1) a synthetic fiber pre-filter for large debris and (2) canister main filter for fine particulates.

Unique tray style work zone with direct access to solution underneath, large 35" x 25" work area and 8" of soaking depth.

Direct access to soak parts and take advantage of spray under immersion feature for improved spray agitation cleaning.

Easy access drain port at lowest point of tank with dedicated drain channels for simple, complete fluid changes.

FOUNTAIN

EM4000 Manual Tank Washer

Product Data Sheet

Features

- Heavy-duty roto-cast thermoplastic cleaning basin
- 30-gallon tank capacity – soaking
- Two removable stainless-steel shelves
- Flexible wash spigot with flow control
- Flow-through wash brush with flow control
- Mechanical agitation – 15 spray heads with flow control
- Heating module
 - 1000W Heating
 - Automatic Thermostat Control
 - Manual Heating On/Off
 - Heating pre-set at 115°F
- Wash pump w/ Viton seal 210 GPH
- Built in GFCI protection
- Lid strut with integrated fire safety fusible link.

Standard Accessories

- Flow-Through Wash Brush
- Synthetic Fiber Pre-Filter
- Spray Under Immersion Flexible Sprayer
- 100 Micron Canister Particulate Filter
- Removeable Trays

Optional Accessories

- Light Kit

Product Dimensions

Overall Dimensions: 28" D x 45.75" W x 40" H
Shipping Dimensions: 35.5" L x 46" W x 40.5" H
Shipping Weight: 155 Lbs.

Light Kit

System Flow Control
