

OCEAN LAGOON

Portable and versatile, this all-in-one parts washer creates a solvent-free cleaning space that's safe, effective and economical. It works with a surfactant-based cleaning solution, coupled with hydrocarbon-degrading micro-organism tablets. Cleans at room temperature.

Cleaning solution
BLUELIQUID

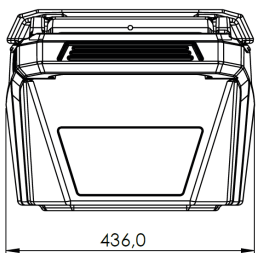

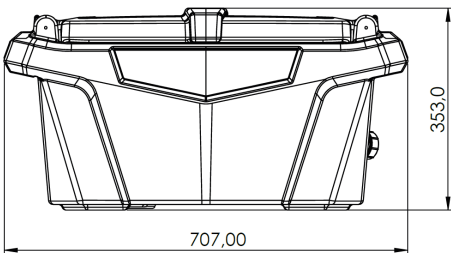

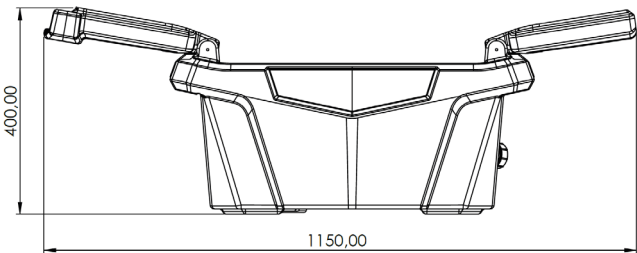

Mini microorganism tablets
CLEARTABS

Technical data

Parts washer dimension (closed lid)	28 × 17.3 × 14.2 in
Parts washer dimension (open lid)	45.6 × 17.3 × 15.7 in
Working area dimensions	19.3 × 12.6 × 7.1 in
Empty weight	20 lbs
Tank capacity	2.6 US gal lqd
Payload	1 lid only: 22 lbs On 2 lids, evenly distributed: 88 lbs (44 lbs/lid) Into the sink: 66 lbs
Mobility	2 carrying handles. Horizontal movement and storage
Tools holder	Interchangeable brush
Pump flow	158 US gal/h
Pump power	8 W
Electric consumption	60 Wh per 12h of use
Power supply	110 V≈ 60Hz
Noise level	< 70 dB
Composition	PE
Filtration	Stainless steel filter cup 0.027 in

***Nomad use:** Can be used in a vehicle via a 6V cigarette-lighter socket and a 6V-110V≈ 60Hz converter.
