1. DESCRIPTION OF CONTROL PANEL

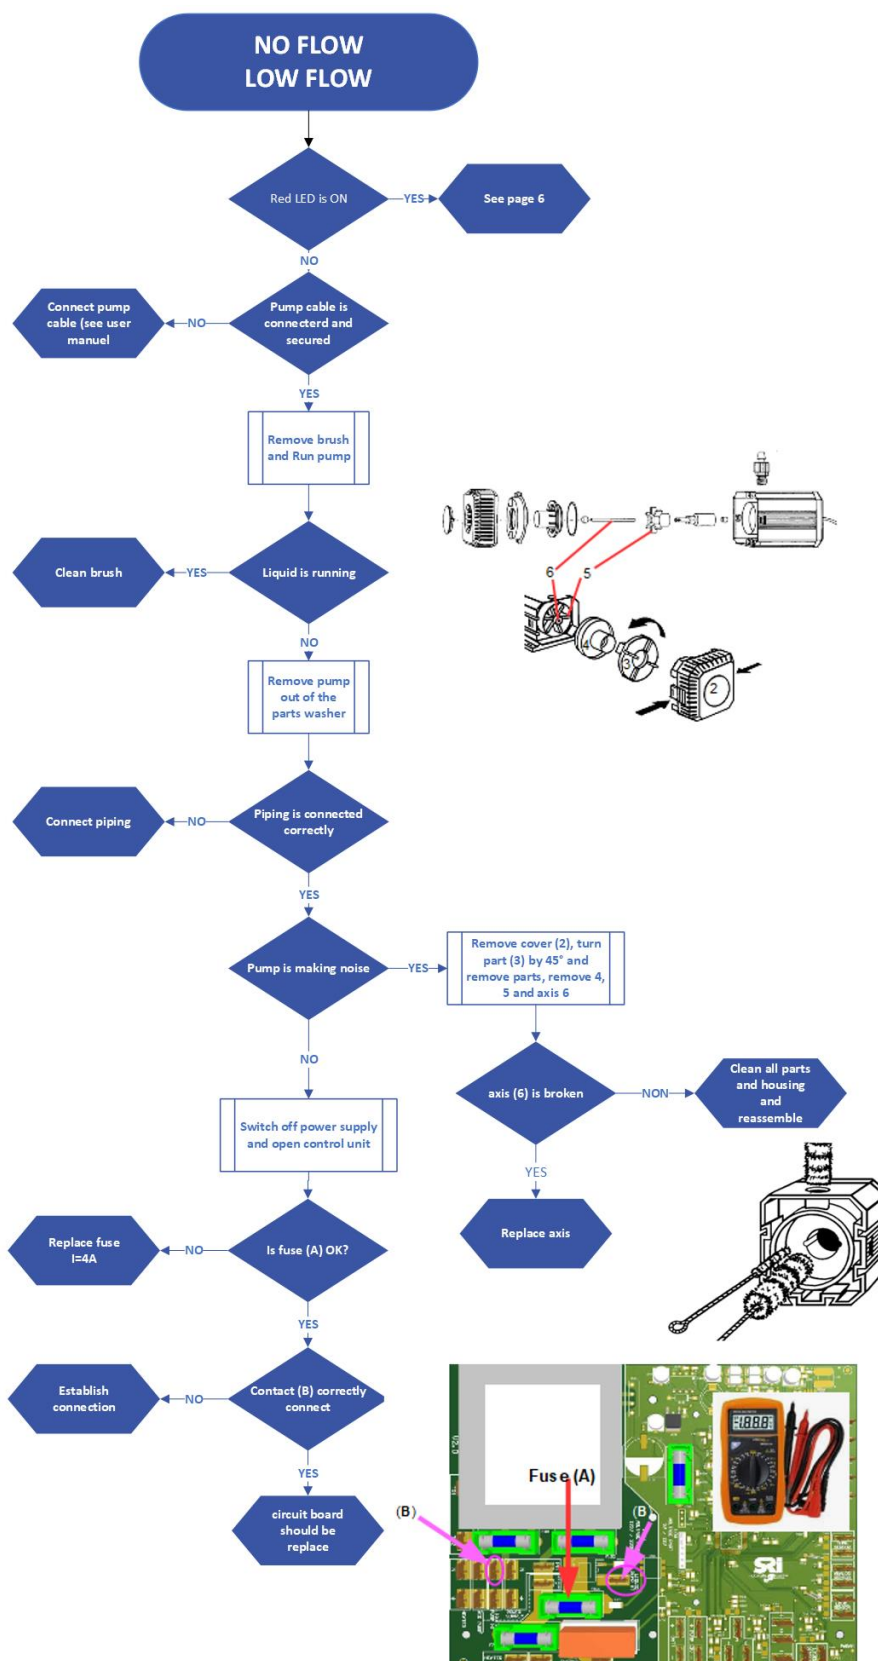

FUNCTION	DESCRIPTION
Power ON	White Light when powered
ECO	Yellow Light when low heating activated
BOOST	Green Light when fast heating activated
LOW LEVEL	Red Light when not enough liquid
HEATING	Green light when parts cleaner heating
HEATING	Switch for ON/OFF the heating
ECO or down arrow	Switch for ON/OFF ECO mode or to scroll down in menu
Reset safety thermostat	Red dot switch to reset the safety thermostat (see page NO HEATING)
BOOST or up arrow	Switch for ON/OFF BOOST mode or to scroll up in menu
Pump button	Switch for ON/OFF pump = liquid flows from brush/aspersion

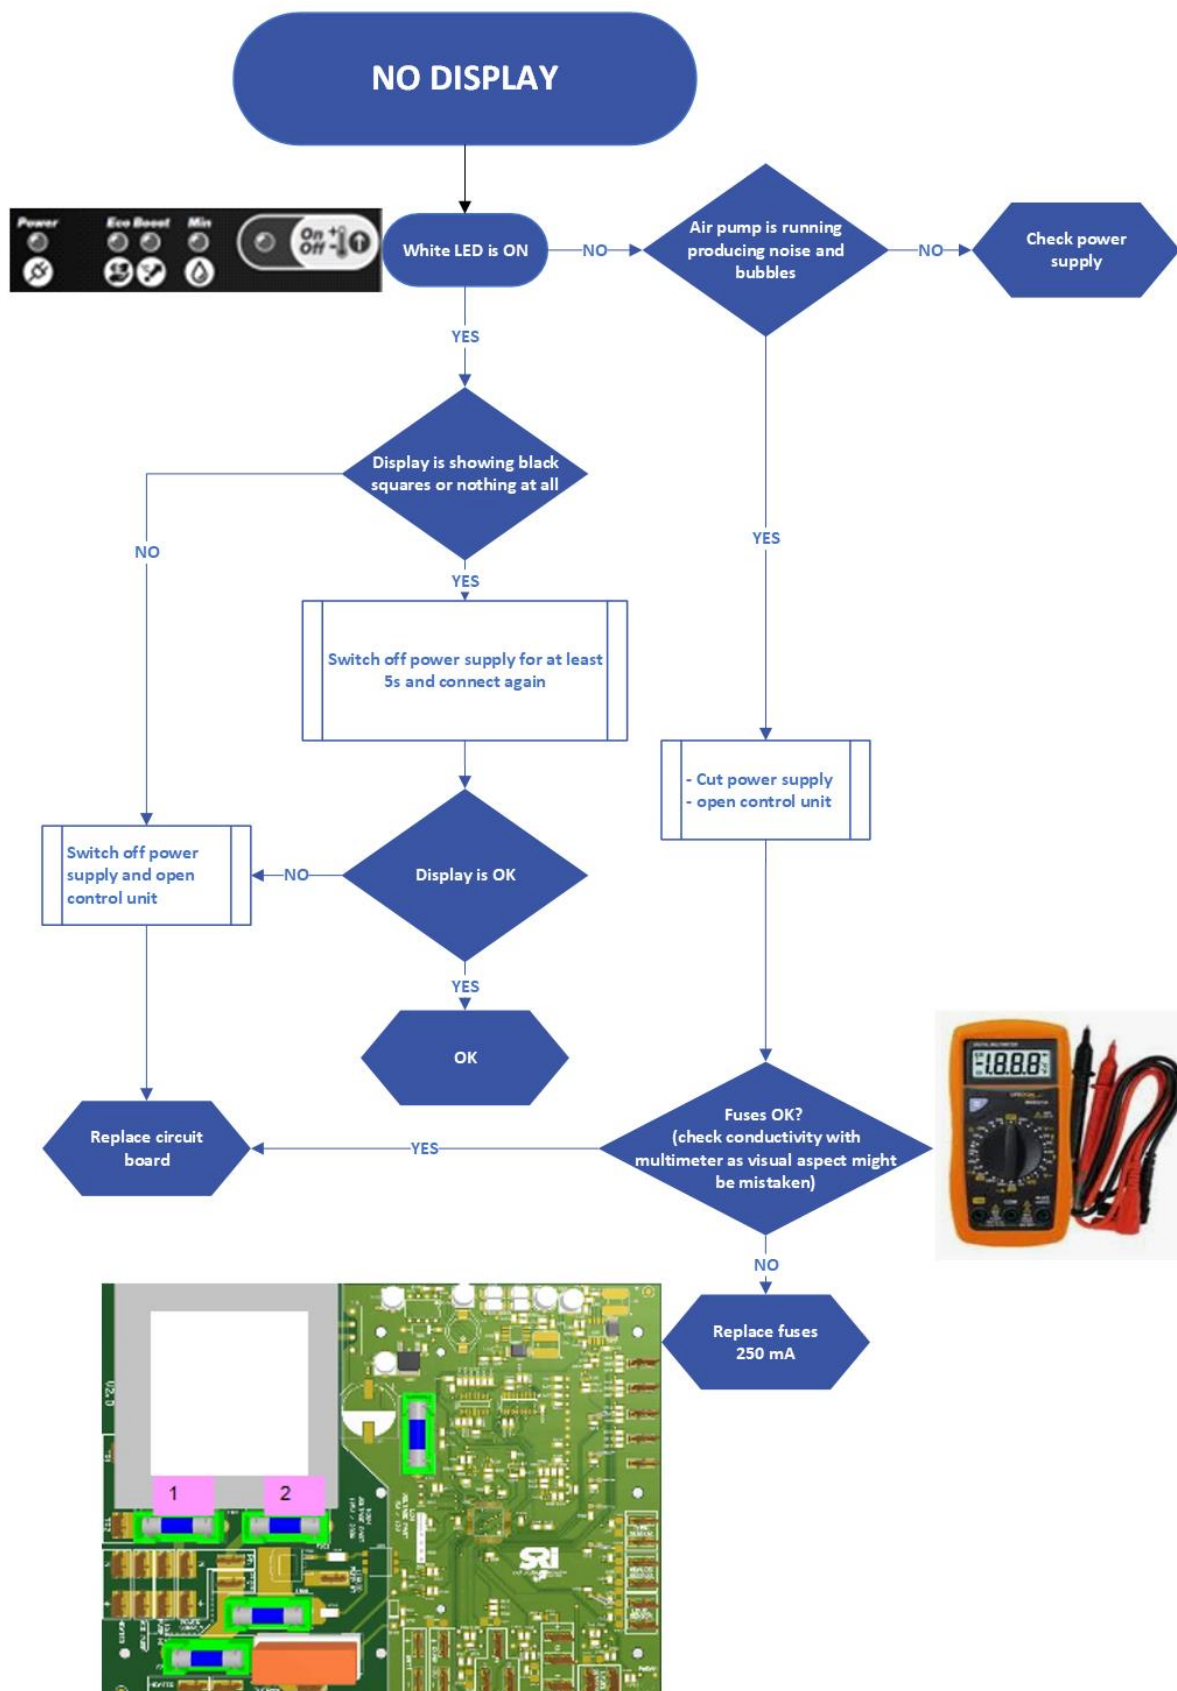

2. THE PARTS CLEANER DOES NOT HEAT

3. THE LIQUID DOES NOT FLOW

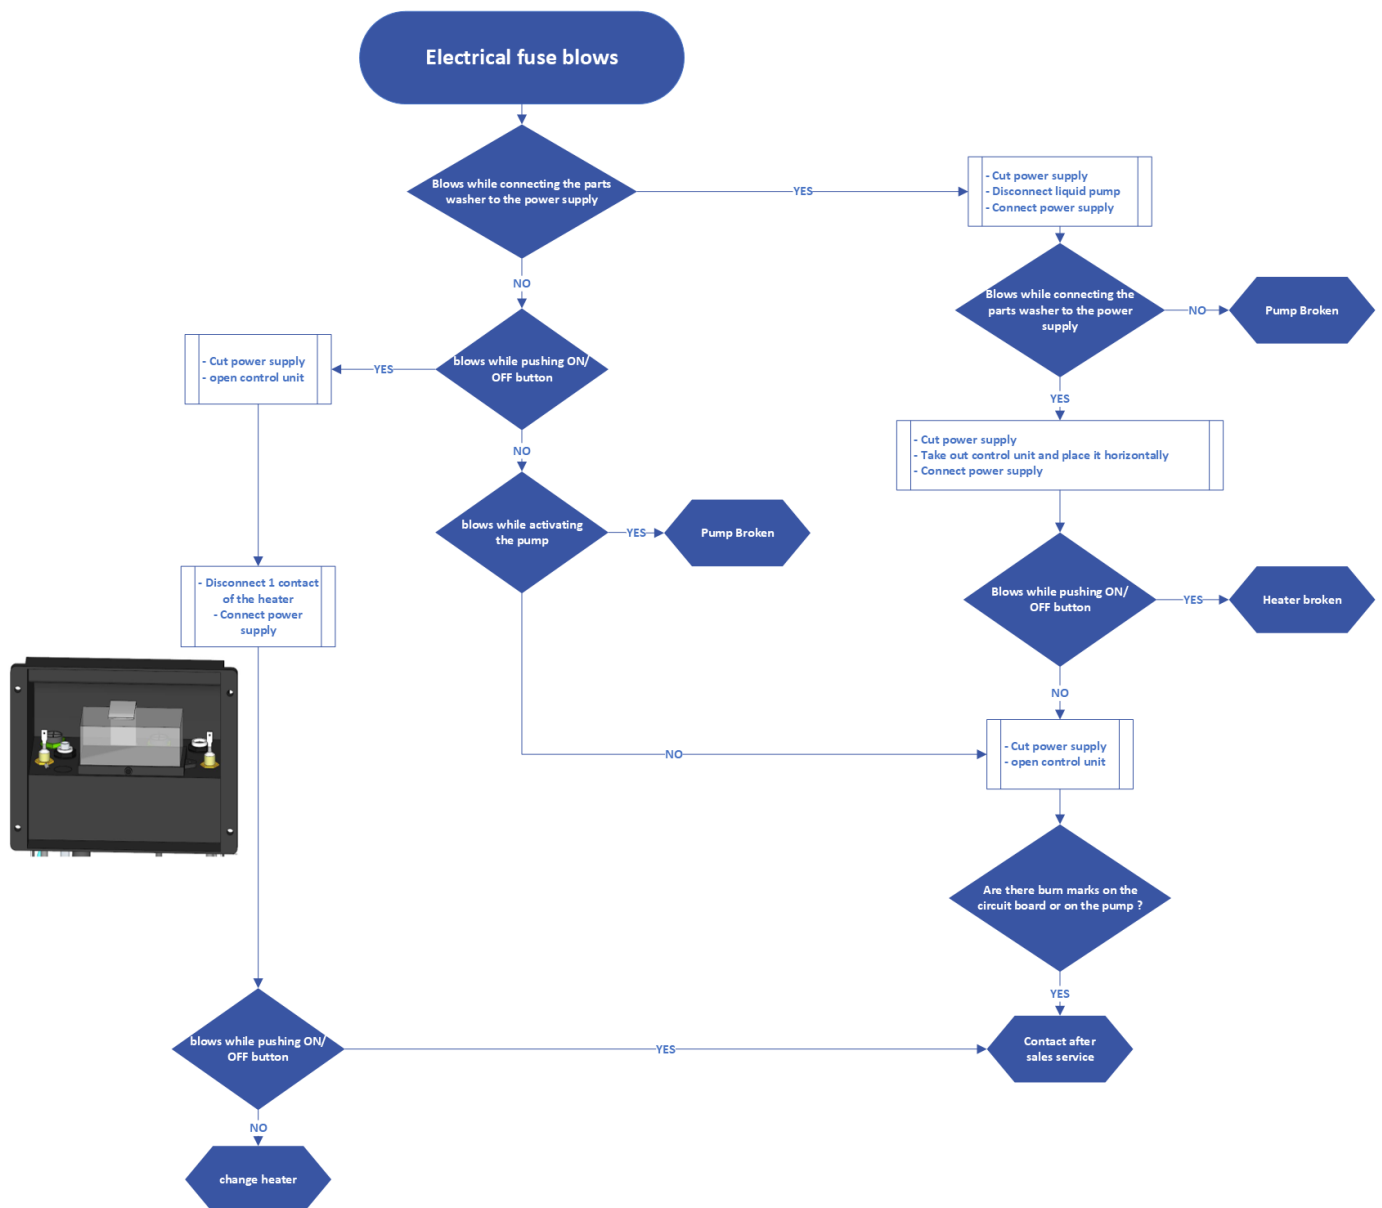

4. NO DISPLAY
