

# AMERICAN FORGE & FOUNDRY

## 22-TON AIR ASSIST TRUCK AXLE JACK

MODEL 565F/565F1

**USE** – Ideal for heavy-duty truck and trailer shops, rail and bus work, roadside service calls, farm vehicles, and industrial equipment.

**DESIGN** – A specially engineered air motor delivers fast and efficient operation while the compact and low-profile design easily fits between tandem wheels. Large 8" diameter rubber wheels provide easy mobility and the 2-pc handle locks in 3 different positions from 90-180 degrees.

**FEATURES** – A built-in overload and bypass safety valve prevents the jack from being used beyond its rated capacity.

**MATERIALS** – A fully welded hydraulic pump and cylinder provides maximum strength and leak free operation and a chrome plated ram delivers superior rust and corrosion resistance. Heavy-duty wiper seals protect the hydraulic system from outside contaminants.

**STANDARDS** – Meets ASME PASE 2019

Model	Capacity (tons)	Ram Lift	Low Height	High Height w/ Extensions	Length	Front Width	Rear Width	Weight (lbs)
565F	22	4-3/4"	8-1/4"	21-1/2"	20-1/4"	6-15/16"	12-13/16"	99

**565F1 - SAME BUT WITH 1 PC HANDLE**
