CONGRATULATIONS!

You have just purchased a lift from Automotive Service Equipment. We thank you for your business. Please review the following terms and conditions and then sign and date the form at the bottom to confirm that you have read, and agreed to these terms. This form also helps remind you of the various points you'll need to check off before you receive the lift. Please contact us with any questions.

- 1) I have received a copy of my receipt, and reviewed it and confirmed its accuracy.
- 2) I have confirmed my concrete meets specified requirements.
- 3) I have confirmed that lift will fit in my garage space.
- 4) I have confirmed that any vehicles I place on or under lift will fit, and do not exceed the rated capacity of the lift.
- 5) I have confirmed I have proper voltage electricity.
- 6) I will inspect the lift shipment for any obvious damage, and refuse if damaged in a significant way. If package appears in good condition, but there is something questionable about its condition, I will make note of it on the shipping papers that the freight carrier has me sign.
- 7) I understand that if parts/components are missing from lift(s), ASE is not responsible for any additional fees I may incur from installers needing to return to finish the job, or additional fees from renting a forklift to unload a second shipment.
- 8) I can unload the delivery from the truck, meaning a forklift, or some other piece of equipment is available at the ship-to address, unless we have made other arrangements with ASE (i.e.: lift gate). Note, many items are not able to be unloaded with a lift gate.
- 9) I understand that if I cancel the order after it has shipped, I will be responsible for freight charges both ways, as well as any re-stocking fees (up to 20%).
- 10) I realize that the time frame estimate for delivery is strictly an estimate, and not a guarantee of a specific delivery date.
- 11) I understand that if the freight carrier attempts delivery, and I am not available and the freight carrier must come back at a later date, that the freight carrier will charge a re-delivery fee.
- 12) I understand that I must inspect and inventory the package(s) and notify ASE within 48 hours of any hidden damage, or missing parts.
- 13) I will read owner's manual completely and follow it's instructions precisely when installing and operating it.
- 14) Please visit our Terms & Conditions page on our website for more details at - www.asedeals.com/terms-and-conditions
- 15) I understand that if ASE has made arrangements for lift installation, the installation is a separate transaction between me and the installer. ASE offers lift installation quotes strictly as a convenience for the customer. Installers are independent local contractors.
